LOW POLY PAPER FIGURE

HARRY POTTER

HAND MADE KIT

DETAILS

9+

AGE

60

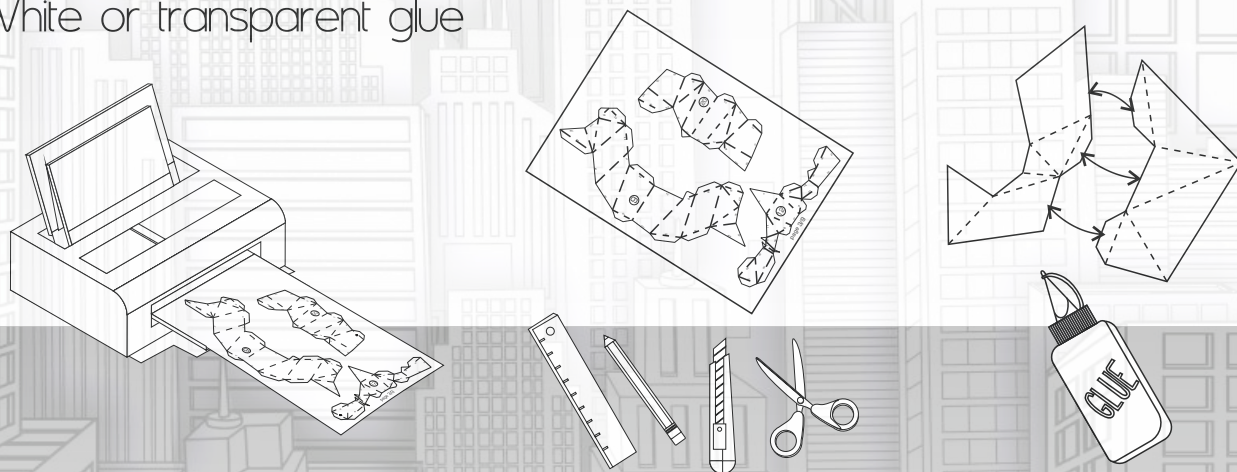

PARTS

NEED TOOLS

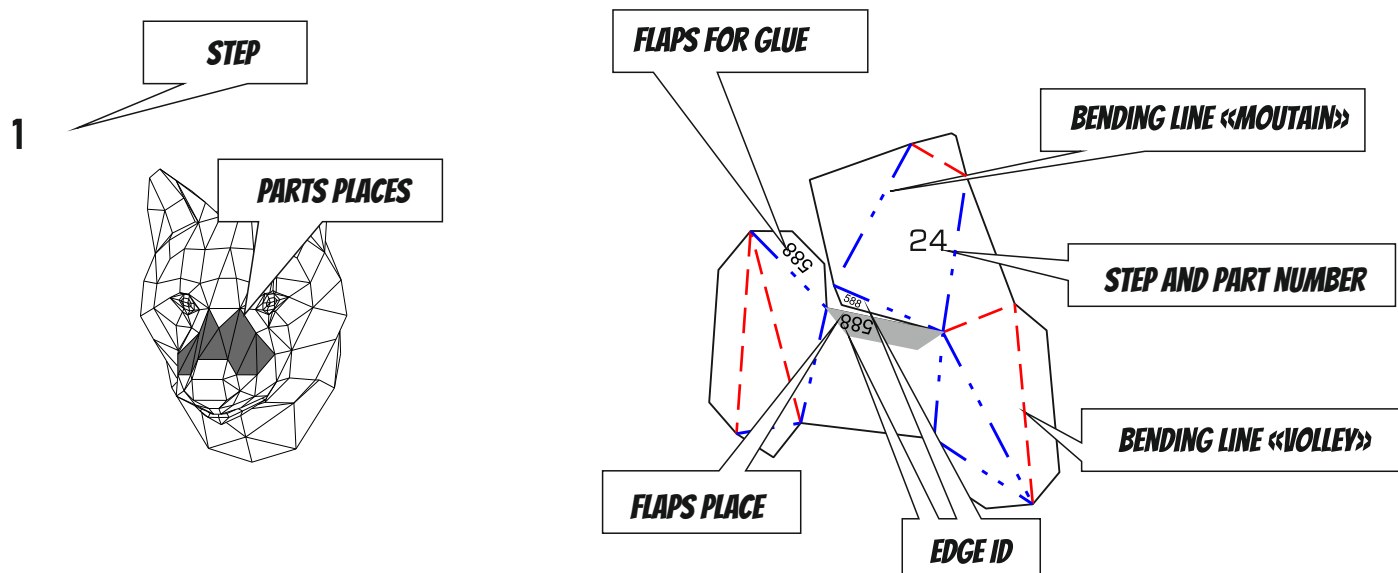

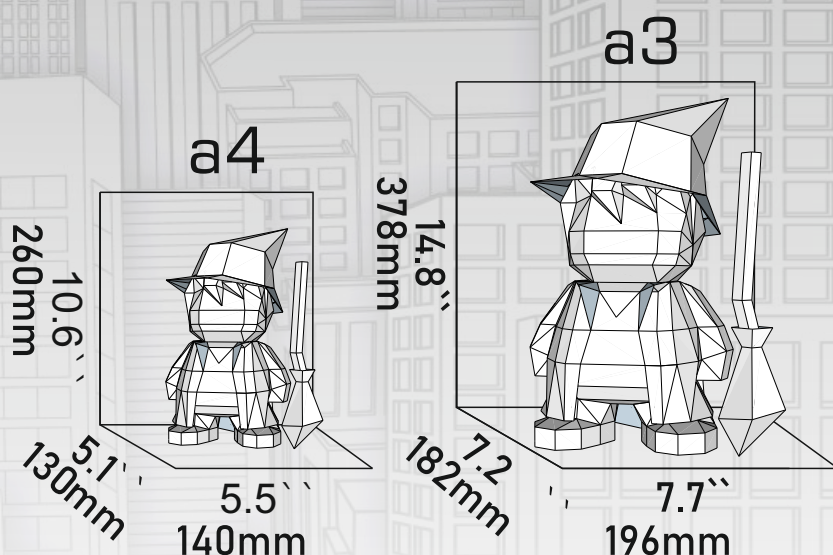

Necessary materials and tools:

1. A4/A3 Letter sheets of thick paper/cardboard (160-300 gr/m²)
2. printer
3. Scissors, paper scalpel or stationery knife
4. Scoring tool (for example, an out-of-work ballpoint pen)
5. Metal ruler
6. White or transparent glue

Recomandation!

1. Print the template on thick paper.
2. Score the dashed lines to get a clear bending line.
3. Cut the required detail along the solid line.
4. Bend the details along the lines.
5. Consistently connect parts with glue.

You just need to follow our instructions and be sure - you will make it!
